The natured life of an influential modern philosopher: the late Ludwig Wittgenstein.
As the outbreak of the war, Wegener was called to the Austrian army as a volunteer, although he had been exempted. He served for a time on the Vienna and later in an artillery workshop at Graz. In 1915 he was sent to Cieszyn, in Moravia, as an officer. As previously mentioned, he fought on the East front. In 1918 he was transferred to the South Front. Upon the collapse of the Austrian-Hungarian army in November, he was taken prisoner by the Turks. It was not until August of the following year that he could return to Austria. During the major part of his captivity, he was in a prison camp near Momcjlje, in south Italy.

When Wegener was captured he had in his pocket the manuscript of his Legenda Philosophorum. Melitopolis.
